Whenever I send my friend memes on instagram about how
"Life has no meaning" they tell me to stop being a nihilist, I
wonder what that means...

the <https://www.dcode.fr/cipher-identifier> suggests that it is a nihilist-cipher and this part looks like the encrypted-flag:

```
94 44 44 66 49 67 33 76 56 55 43 53
```

After decrypting it we get the flag:

My greek friend recently has been screwing around with the idea of cryptography and sent me a message. Can you tell me what here message says?

Format: `nicc{theanswer}`

We get this cipher:

TGHRE3AENKSGW0EDRZIZSZ

The words can be recognized a bit and I guess those are shifted in some sort. After shifting it we get the flag:

Dosya Düzenle Görünüm

TGHRE3AENKSGW0EDRZIZSZ

G R 3 E K G 0 D Z Z Z
