Ancient greece was known for its copper and marble sculptures but this sculpture is made of ice. But who made this piece and what is its title?

The flag format is `nicc{FirstName_LastName_SculptureName}`

Developed by: [N00D135](#)

After image search with google we find an article(<https://www.bxtimes.com/times-square-ice-sculpture/>) with this sculptre

```
nicc{Lovie_Pignata_Smitten}

It has been said that the mighty Minotaur is found in the Aegean Sea on some palace. Can you help me find the island name and the palace name, so that I can slay it?

Flag Format: `nicc{Island_Name_Palace_Name}`

Developed by: [theamazins17](#)

This is more or less a google search. I searched "Aegean Sea minotaur palace" and after some research found out that it rest on Palace of Minos in Knossos

```
nicc{Crete_Palace_of_Minos}
